Answer the questions 10 and 11 according to the information below.

Hello, I'm Martin. I think technology is a great way to communicate with people. In the past, people sent letters to each other and it took days and even months. However, nowadays it takes minutes to get in touch with people. Personally, I usually prefer making phone calls or texting messages. I rarely write e-mails because it takes more time and I get bored. I also use the Internet and the social media for communication. Some of my friends use the Internet to read the news online or learn a foreign language but I don't.

10. **Which of the following DOES NOT have answer in the text?**

- A) How does Martin get in touch with people?
- B) Who uses the Internet for educational purposes?
- C) How often does Martin use social media?
- D) What does Martin think about writing e-mails?

11. **Which communication tool IS NOT mentioned in the text?**

12. **Sam** : I like texting messages because it's easier for me.

Aslı : I'm fond of using social networking sites to contact with my friends.

Jason : I prefer talking face to face with my buddies.

Lucy : I'd rather make a phone call to keep in touch with my friends.

Who uses the Internet to communicate with his/her friends?

- A) Aslı
- B) Jason
- C) Lucy
- D) Sam
